Have you got an Off-the-Track Thoroughbred?

Our CEPA team collectively cares for 10 OTTBs, so we understand that finding the right feed, care and routine can sometimes take a little trial and error.

We love talking about OTTBs and sharing the practical things that have worked for our own horses. Whether your horse has recently finished racing or has been enjoying life after racing for years, our friendly team would love to hear about them.

Drop into CEPA for a chat. We are always happy to share our experience and help you find the right products for your horse.

Why horse owners use Fixine®:

- * Maintains coat, skin and hoof condition
- * Promotes a healthy gastric system
- * Promotes beneficial bacterial flora in the gut
- * Recovery from work, injury and stress
- * Supports changes in diet or grazing conditions
