## LEADERSHIP TRANSITION AT CEPA: FAREWELL TO ROB BOGUMIL, WELCOME NANCY TURNER

After 27 years of dedicated service, Rob Bogumil is stepping down as CEO of CEPA Farm Supplies. Rob's leadership has been instrumental in shaping CEPA into the trusted stockfeed and animal health cooperative it is today. His deep industry knowledge, unwavering commitment to our members, and strategic foresight have been invaluable. While he hands over the reins, Rob will continue to support CEPA in a reduced capacity until mid-year, balancing his time between mentoring and his lifelong passion - riding motorbikes.

We are delighted to welcome Nancy Turner as CEPA's new General Manager. A Bendigo local with deep community ties, Nancy brings over 30 years of experience in sales, supply chain management, and strategic planning from multinational FMCG organisations. She has successfully led teams, driven business growth, and built strong relationships within the agricultural sector. Beyond her professional expertise, Nancy is an active member of the local equestrian community, a passion that further connects her with many of CEPA's members. Her leadership, combined with her love for regional Victoria and its people, makes her an excellent fit to lead CEPA into its next chapter. Please join us in thanking Rob for his incredible service and in warmly welcoming Nancy to the CEPA team.

## EQUINE TIPS

### Hoof Abscesses Following Dry Weather

Hoof abscesses often occur with heavily pregnant mare's or overweight ponies.

This results from standing under trees in the shade or grazing on dry soil. Moisture is taken into the dry soil and the hoof shrinks. Small hairline cracks appear and may become infected and abscesses can develop.

Check their hooves every day or so for 'heat in the feet' to avoid infections, abscesses and lameness. Consult your vet or farrier for advice.
