OPEN DAY - ROUND UP

The 2024 CEPA Open Day was an EPIC Day and our BEST yet!!

The event exceeded all of our expectations and has strengthened the Co-operative's position in the retail sector despite the past challenging years.

We welcomed Flinders Greentree Horsemanship and Matty's Sanctuary. There were also our other favourite FREE activities such as Farmer Darryl's Animal Nursery, Face Painting and local clubs & groups bringing along their gorgeous animals and much much more.

The visitors came in droves. A huge THANK YOU to the excellent staff, the enthusiastic and professional exhibitors, the Clubs and organisations that supported us (and their animals and birds) and importantly, the people that came along to take advantage of the big sale and to enjoy the day out.

Again, we offer a BIG thank you to all those suppliers and partners that supported the day. The Open Day also provides an opportunity for Clubs, Groups and Businesses associated with CEPA to build interest in their individual organisations, display and promote their goods and or activities to the general public and in doing so enhance the ongoing relationship with CEPA.

Lots of great feedback and lots of smiles on both sides of the event has made it a HUGE success, and that only encourages us to continue supporting the community by doing it again next year with the hope that it will be bigger and better. Thank you everyone.

For more specials and information, please sign up to our CEPA monthly Newsletter at www.cepa.com.au

						<p>50ml Placqueaid+ \$29.35</p> 	

FOUNDER GUARD

Clinically proven preventative supplement for feed induced laminitis and founder. It has been formulated to ensure delivery of the active drug to the hind gut and proven to control the build up of lactic acid in the hind gut. A small daily dose of the palatable granules allows high grain diets to be fed safely.

1kg
\$106.00

TRIM

Kohnke's Own TRIM is designed to help normalise the metabolism in 'good doer' horses and ponies who may be at risk of laminitis and founder.

TRIM can be used before the horse is at risk of laminitis or founder, but it can also quickly soften and reduce cresty necks and tail butt fat which are the common signs that body condition of a horse or pony is above the healthy range.

1.4kg
\$80.25

4kg
\$182.60

White Willow Bark

An excellent remedy for arthritic and rheumatic pain affecting joints such as hips and knees, and also the back. It relieves inflammation and swelling, improving mobility in aching, painful joints. Perfect for Laminitis.

1kg
\$42.00

COMPLICATIONS OF SPRING GRASS

Although the rain can be hit and miss there has been some green pick available. Here's an informative article based on horses, however, it impacts livestock all the same. Take a look at the following:

- How does spring grass affect your horses' diet?
- Grass - it is very green and there's a whole lot of it!
- Managing Quantity
- Managing Quality
- Is my horse getting everything they need on pasture alone?
- You can lead a horse to water... but you can't make them drink

Click here for the article → <https://www.ranvet.com.au/spring-grass>

Ranvet Ration Balancer

For performance horses, a grazing diet alone is likely to be insufficient, even in spring! Contains high levels of B-group vitamins which are required for optimal energy provision and optimal carbohydrate metabolism.

3kg
\$75.50

Salt & Mineral Blocks

OLSSONS LUSH BLOCK

Suitable for all animals, this block does not contain restricted animal material.

A rumen absorbable high magnesium & mineral supplement for spring grass.

18kg
\$42.50

Showcraft

Grazing Muzzle

Grazing Muzzle that helps restrict the grass intake for you horse or pony whilst still allowing them to drink and graze a little. Ideal for those who tend to founder.

Pony, Cob or Full
\$40.60
